DICKER DATA | Microsoft

ECP PRO

EXCLUSIVE TO DICKER DATA PARTNERS

Two ways to run your Microsoft 365 customers on EcpPro

built by MSPs, for MSPs

Billing Professional gets your CSP billing and licensing right every month. Premier Suite adds the service desk, reporting and automation to run every tenant from one place.
Both are funded by Dicker Data for qualifying partners

Book a Demo

10,000+	800,000+	400	90,000+
Microsoft 365 tenants managed	devices under management	new tenants onboarded every month	automated actions everyday

→ CHOOSE YOUR EDITION

Billing Professional or Premier Suite

Billing Professional

Billing, licensing and tenancy control done properly

$0
per month

$400 per month
less **$400** Dicker Data funding

- Up to 5,000 users included
- Tenant based billing for every customer, managed or billing only
- Dicker Data CSP module: subscriptions, quantity changes and renewals flow into EcpPro and on to your PSA
- Every billing module and PSA integration, including
- ConnectWise, HaloPSA, Autotask and Xero
- Document Management
- Contact Sync with your PSA

Optional: Branding $20, Ticket Integration $75, On Prem AD Management $50 per tenant (maximum 10 billed)

FULL PLATFORM

Premier Suite

Service desk, reporting and automation for every tenant

$200
per month

$600 per month
less **$400** Dicker Data funding

Everything in Billing Professional, plus:

- Dashboards, reporting and scheduled reports across every tenant
- Alerting by email or SMS
- Offboarding workflow, Sales Insights and Azure Insights
- End User Portal, so your customers can help themselves around the clock
- DMS Premium
- Branding and PSA Ticket Integration included

Optional: the new modules below, plus AVD and On Prem AD Management

→ AS YOU GROW

5,000 users included

Counted across your managed tenants. Billing only tenants add nothing.

Then blocks of 100 user

$8 on Billing Professional or $10 on Premier Suite for each extra 100 users.

Capped at $1,600 a month

Reached at 20,000 users on Billing Professional and 15,000 on Premier Suite.

→ COMPLIANCE FOR PREMIER SUITE

Compliance

Set your security baseline once and check every managed tenant against it, mapped to Essential Eight, CIS and NIST. Start with Ad Hoc, then add the modules you want, in any combination.

All four: $25 per managed tenant

AVAILABLE NOW

Ad Hoc Policy
The base module: your baseline, drift alerts and rectify
$10 per tenant

IN TESTING

Conditional Access
Conditional Access policies checked against your standard
+$5 per tenant

APRIL 2027

Intune
Intune policies checked against your standard
+$5 per tenant

JULY 2027

Defender
Defender policies checked against your standard
+$5 per tenant

→ MORE ADD ONS

Signature Management
Correct signatures for every mailbox in every tenant
$0.60 to $0.39 per mailbox

Automation Workflows
Repetitive admin done in a few clicks, with approvals
$75 per MSP

AVD
Azure Virtual Desktop sessions in the same portal
$20 per tenant

On Prem AD
Manage hybrid clients' Active Directory from EcpPro
$50 per tenant, both editions

See EcpPro on your own tenants

Book a demo and we will walk you through both editions, using your own customers, and help you pick the right fit.

All prices are per month in AUD, excluding GST, and the same figures apply in NZD. Dicker Data funding of $400 per month applies to partners transacting over $20,000 per month in CSP through Dicker Data in Australia, or over $10,000 per month in New Zealand. Add ons are billed outside the $1,600 cap, and Compliance prices are per managed tenant per month. Signature Management billing starts 1 November 2026; Compliance and Automation Workflows are chargeable from October 2026. Very large estates beyond the cap add blocks of 10,000 users at $200, or $100 for education and government.
